

## Short CV in English

I am currently working as an Associate Professor at the Department of Obstetrics and Gynecology, Patras University School of Medicine. My main field of interest is Assisted Reproduction and Endoscopic procedures in Gynecology. I have finished my training in Obstetrics and Gynecology at the Department of Ob/Gyn Ioannina University School of Medicine in 2001. I have trained in Assisted Reproduction Techniques and endoscopic procedures in Tottori University Faculty of Medicine Yonago Japan where I have stayed for 42 months. After the first year of my staying in Japan, I was elected as a faculty member at this University (Lecturer) when I resigned and return as a Consultant at the University Hospital of Ioannina in 2004. In 2009 I was elected as a Lecturer at the Patras University School of Medicine where I am working till today.
