

Willem Verpoest, Prof Dr  
Biography 230501

Willem Verpoest (°1969) graduated at the Catholic University of Louvain, Belgium, as Obstetrician-Gynaecologist in 2003. He spent part of his training at Bristol, UK, working with Professors Michael Hull, David Cahill and Julian Jenkins, before starting to work with Professors Devroey, Liebaers and Van Steirteghem at the Vrije Universiteit Brussel (VUB), Brussels, Belgium. He is currently Medical Director in Reproductive Medicine as well as Coordinator for the Preimplantation Genetic Testing (PGT) programme at Brussels IVF Fertility Centre (5600 IVF/ICSI cycles annually), and Professor at the Vrije Universiteit Brussel. In 2010 he obtained a PhD in Medical Sciences entitled 'The Clinical Reproductive Outcome of Preimplantation Genetic Diagnosis'. His areas of expertise are PGT, reproductive genetics and reproductive immunology. He is currently president of the Belgian Society for Reproductive Medicine.
